Education

Griffith University Bachelor of Information Technology (Software Engineering). GPA 6.417.	2019 – 2023
TAFE QLD Diploma of Information Technology.	2018 - 2019

Experience

GRIFFITH UNIVERSITY Software Engineer · Project Management Skill. · Client Communication Skill. · Assisted in the development of a career opportunity form and bot for Griffith Business School. I worked closely with Dr. Geoffery and gained experience in project management and maintaining effective communication with clients during a project, which unfortunately was cancelled due to privacy concerns.	2022 July – 2022 Sep
HAEDOORI KOREAN FRIED CHICKEN SHOP Casual Chef · Communication and teamwork skill. · I was employed as a second chef and front counter manager for Haedoori for seven months, in this time I gained valuable experience in teamwork and efficiency in the kitchen. I have also learned effective communication techniques and how to provide excellent service to customers in Australia.	2022 July – 2023 Jan
REPUBLIC OF KOREA - NATIONAL TAX OFFICE Casual Tech helper and Customer Service · Introduce tax law and inform relevant document in person · Customer Service. · Basic Excel and Document Management Skills. · I worked for a government tax administration institution, where I assisted with end-of-year tax adjustments both in person and over the phone. Before starting this job, I took the initiative to study the tax system to gain a better understanding of its workings. I utilised my customer service skills from prior jobs to provide exceptional service to taxpayers. Due to my experience with Excel and Word documents I was able to quickly adapt to the requirements of this role and efficiently navigate the tax system.	2022 Feb – 2022 Feb
ST. JOHN DISABILITY WELFARE CENTRE, KOREA SEOUL Casual Office job · Provided hospitality services to people with disabilities. · Created Government reports using Microsoft Word and Excel. · I worked at a welfare facility for people and children with disabilities, where I managed official documents and helped develop policies. I mainly worked with people who had intellectual disabilities, and provided care based on their individual needs. Through this work, I developed strong people skills and learned more about the challenges faced by parents and caregivers of those with intellectual disabilities.	2020 May – 2022 Jan
HOMEPLUS (TESCO), KOREA SEOUL Casher · Manage products and stock. · While working for Homeplus I developed skills in managing products and stock, with a strong attention to detail. I also gained experience working as a cashier and providing customer service, which helped me further improve my communication skills. I began as a part-time employee but was quickly promoted to a full-time position before leaving to enlist in the Korean army. During my time at Homeplus, I learned valuable lessons about customer service and communication skills.	2019 Nov – 2020 May
